Overbed Tables

By Cartstrong

Overbed tables by Cartstrong provide a durable, adjustable work surface for patients and caregivers at the bedside. Height adjustable from 28" to 44" with a 100 lb. weight capacity, these tables support meals, personal items, documentation, and clinical tasks. Anodized aluminum columns and heavy-duty steel bases deliver long-term durability and stability in healthcare environments. Backed by a 1-year warranty. Available in a wide range of finishes, sizes, and configurations.

Key benefits

Durable construction for the medical environment

Stands up to harsh daily use and repeated cleaning with all healthcare-grade solutions except 100% bleach (Antimicrobial only).

Unmatched customization

Our team works with you to recommend custom configurations that support your workflow, preferences, and space.

Ergonomic height adjustment

Flexible height adjustment supports both patient needs and caregiver ergonomics.

We don't do "standard".

Our labor and delivery cart line is built to order, meaning the size, materials, and configuration are decided by you. See options below:

Overall size and shape	Color(s): See next page
Finish: Antimicrobial, Laminate, or Thermofoil	Pencil or Spillguard edge
Flip-up work surface	Custom cupholder cutouts
Low or ultra-low profile	Other customizations (just ask!)

Sanshade

Dolphin Gray

Nutmeg

Slate Gray

Charcoal

Indigo

Mocha Brown

Black

Finish and material shape daily cleaning practices and equipment lifespan.

01. Antimicrobial

Our most durable finish option, Antimicrobial is a recyclable polymer with inherent antimicrobial properties and color-through construction to help hide scratches. Compatible with all cleaning agents except 100% bleach, it meets Joint Commission standards and contributes to LEED points.

02. Laminate

Laminate offers a durable, cost-effective finish option with natural looking woodgrain finishes. Available in multiple grain patterns and colors.

03. Thermofoil

Thermofoil offers seamless edges and profiled design options for drawer and door fronts, though it is not as impact durable as laminate.
